Is Debra Flores a RINO? I don't see her on the wall of shame. There is a FB group called NeverSurrender Colorado Chapter, run by Natalee Tenant, which on its face, is a conservative, grass roots group. Lately, however I see them not doing their due diligence with some issues and R candidates and now they are censoring my posts about the same! For instance they seem to be fans of S. Varela, the snake, and his tag-along for the newly selected R party national committee woman "Rukus" (female snake)! Do you have any info on these 2 seemingly RINOs for us? Thanks!!!

The practice of using the word RINO is engaging in verbal bullying! Worry more about Party Unity rather than judging

Kind regards,

Susan Gutierrez de Balmes
